PROFESSIONAL EXPERIENCE

React.js Developer

Insphere Solutions Pvt. Ltd. | New Delhi | Jan 2025 – Present

- Built and shipped features for govt & enterprise apps (NILP, NIC Boards, Jindal Jinsafe) using React.js, Next.js, and TypeScript; integrated Node.js/Express APIs and SQL databases for data-heavy dashboards.
- Improved Core Web Vitals (LCP, CLS, FID) via Lighthouse audits; optimised Vite builds — measurably faster page loads across high-traffic government portals.
- Set up GitHub Actions CI/CD pipelines and Docker environments, cutting project turnaround time by **15%**.
- Authored reusable React component libraries with MUI + SCSS; integrated GraphQL & REST APIs via React Query and Redux.

Frontend Developer

Maropost India Pvt. Ltd. | Mohali, Punjab | Mar 2022 – May 2024

- Led UI revamps and new feature builds for the Maropost SaaS platform, increasing user engagement by **~20%**; integrated REST APIs and built SQL-backed reporting views on the frontend.
- Adopted React Query for client-state caching and TypeScript across React.js + Vue.js codebases — reduced runtime errors and redundant API calls significantly.
- Tuned Webpack config to shrink bundle sizes; wrote Jest unit & integration tests, cutting regression bugs pre-deployment.
- Collaborated in Agile sprints (Jira), resolved critical UI issues and refactored legacy frontend code for performance gains.
